

HOW MUCH DOES SHIPPING COST AND HOW LONG DOES IT TAKE?

We offer various shipping options in order to best meet your needs.

Shipping costs vary depending on the delivery method and destination (please refer to the table below). Your shipping costs will be automatically calculated at checkout.

In many countries we also offer the option of picking up your online order in the store closest to you.

If available, the option will appear automatically at checkout in the shipping methods as “pick-up in store”. This option is completely free.

We try to ship all orders within 2 working days.

Expected delivery times should be taken as a guide only. Moreover, we are not responsible for any delays caused by credit card authorisation processes in regard to the shipping date.

We'd like to inform you that during sales, shipments may be delayed by up to 2-3 working days.

We apologise for any inconvenience.
